Resolution 79-23

Withdrawal periods and deficiency reports

Introduced: 4/8/80

Status: **PASSED**

Be it resolved, that the Associated Student Government is in support of the following proposal concerning the withdrawal periods, deficiency reports, and classroom policies at Western Kentucky University:

1. Leave the "W" period at six weeks.
2. Have a seven-week deficiency report instead of the present "midterm deficiency.
3. Move the "WP/WF" period from the present eight weeks to a nine week period.
4. Recommend to faculty to have communication with students in the classroom by adjusting class organization to meet the following:
 - a. Making the students aware of "W" period deadline and whether the student is passing or failing by the end of six weeks.
 - b. That by the end of seven weeks the faculty has determined 20% of the student's final grade.
