Resolution 91-11-S
Change Class Schedule Cycle

FAILED

First Reading _____
Second Reading _____
Pass _____
Fail _____
Tabled _____

PURPOSE: that most WKU classes be changed to a four-day (M-W, T-TH) schedule cycle, thus eliminating most Friday classes.

STATUS

WHEREAS: The four-day schedule cycle should increase class attendance Friday classes are the least attended ones; to eliminate them is a giant step toward better attendance, and

WHEREAS: The regularity of the four-day schedule cycle with M-W and T-TH classes is more efficient and more desirable than the irregularity of the present alternating Fridays system, and

WHEREAS: The four-day schedule cycle should allow students and teachers more unstructured time to do research With the ever-increasing emphasis on research at WKU, changing to a four-day class schedule could be a god-send to teachers trying to schedule research time, and

WHEREAS: The four-day schedule cycle should enable more non-traditional and working students to attend WKU, and

WHEREAS: The four-day schedule cycle should increase WKU enrollment The possibility of penalty-free three-day weekends is both physically and psychologically attractive Students will flock to WKU in unprecedented numbers. It could be the biggest recruiting coup since WKU grabbed Glasgow. (Again, this supposed benefit is based on my assumption that WKU will always seek to increase enrollment), and

WHEREAS: Maintenance costs of the WKU physical plant should decrease for a predominantly four-day schedule cycle, and

THEREFORE: Be it resolved that we, the concerned members of the Associated Student Government, do hereby request that the university change to a four-day schedule
