

Resolution

PURPOSE: For the University to install a Student Health Service Center sign on DUC South Lawn near the Student Health Center.

Whereas: Although there is a sign on the ^{Normal Drive} State Street side of the Student Health Center, there is presently no sign on the side which is most frequently seen by students, and

Whereas: There is no access to the Student Health Center from the rest of Academic Complex, and

Whereas: Students need to know where to go for care, and

Whereas: Western Kentucky University needs to be a user-friendly campus.

Therefore: Be it resolved that we the members of the Student Government Association do hereby recommend that a Student Health Service Center sign be placed on DUC South Lawn.
