RESOLUTION # 22

Mini Concerts

As Western Kentucky University is a place of education and

As a University it should strive to educate in all facets including
practical experience and

Whereas the present Western Mini Concert limits performers to those
with at least one recording

Therefore, be it resolved that in order to allow those planning on
entering the music field with out any previous recordings
obtain valuable practical experience by performing Mini Concerts
in University halls, auditoriums, and gymnasiums, and in
previously designated outdoor sights. And also that these
performers be paid for their performances not exceeding
\$2000, with many concerts in the \$100 and \$200 range. These
concerts are not limited to students.
