Resolution 98-2-S
Improving and maintaining conditions in the parking structure
February 17, 1998

PURPOSE: For the University to improve the substandard and dangerous structure, and maintain a healthy environment.

WHEREAS: The current condition of the parking structure's stairs endangers the safety of all persons using the facility, and

WHEREAS: the structure currently leaks which leads to flooding and stagnant conditions, and

WHEREAS: the facility needs daily maintenance and litter removal to prevent unsanitary conditions, and

WHEREAS: the appearance of the parking structure should be improved because it is used by students, faculty, and guests.

THEREFORE: Be it resolved that we, the members of the Student Government Association, do hereby recommend for the safety and convenience of all that the University improve and maintain conditions in the parking structure.
