Resolution 98-6-F
Placing a copy machine in Grise Hall.
October 2, 1998

PURPOSE: For the University to place a copy machine in Grise Hall for student use.

WHEREAS: Grise Hall is a heavily trafficked academic building used by many students who would benefit from a copy machine, and

WHEREAS: Grise Hall is also surrounded by several residence halls which would benefit from a nearby copy machine, and

WHEREAS: Placing a copy machine in Grise Hall could give students access to a copy machine at more convenient hours, and

WHEREAS: A copy machine would help prevent multiple copies printed in both computer labs of Grise Hall.

THEREFORE: Be it resolved that we the members of the Student Government Association do hereby recommend that the University place a copy machine in Grise Hall for student use.
