Resolution 97-10-F

**Housing Scholarships to Apply to Off-Campus Housing
November 2, 1997**

- PURPOSE:** For the University to allow upperclassmen who receive housing scholarships to be given a stipend in the form of a residual check for the amount of the housing scholarship to be used for off campus housing.
- WHEREAS:** If Western wants to attract the best possible students, the University needs to give those potential students as much choice as possible in their housing opportunities at WKU, and
- WHEREAS:** the new housing policy requiring all Freshmen and Sophomores to live on campus may result in over-crowding of the residence halls, and
- WHEREAS:** providing upperclassmen with this opportunity would help to alleviate this over-crowding, and
- WHEREAS:** by allowing only upperclassmen the opportunity to use their housing scholarships for off-campus housing, the University would insure that all Western students get the opportunity to experience two years of on-campus living and at least two years of off-campus living-both of which can be a vital part of college life.
- THEREFORE:** Be it resolved, that we, the members of the Student Government Association do hereby recommend that the University Housing Department allow upperclassmen with housing scholarships to receive residual checks for the amount of their scholarships to be used toward off-campus housing.
