Resolution 01-5-F
Revision of Freshman Seminar course Syllabi
October 9, 2001

PURPOSE: The Student government Association of Western Kentucky University would like to see revision of the current general Freshman Seminar classes.

WHEREAS: The current Freshman Seminar course does little to prepare incoming students for college life, and

WHEREAS: We ask the academic Advising Office to revise the current general Freshman Seminar course syllabi in a similar format, and

WHEREAS: Students find the current course confusing, boring, and gain little knowledge of college life.

THEREFORE: Be it resolved the Student Government Association feels uniform syllabi and uniform course objectives would ease student complaints and prove to be a more effective teaching method.
