Resolution 03-07-F  
Private Information Security  
November 17, 2003

PURPOSE: For the Student Government Association of Western Kentucky University to recommend to the University that access to student addresses both on and off campus be optional for students to have both on the website and in the Student/Faculty/Staff directory.

WHEREAS: Students' permission should be received before putting their personal information on the Internet or in a directory that will be distributed to all students and faculty, and

WHEREAS: It is not safe to have people's personal information available to the masses, and

WHEREAS: This will inevitably provide a safer, more secure atmosphere for the students at WKU, and

WHEREAS: This will decrease the likelihood of personal identity theft as well as other crimes that can be associated with the distribution of personal information.

THEREFORE: Be it resolved that the Student Government Association of Western Kentucky University does hereby recommend that the availability of student addresses be at the discretion of the students giving them the option of placing their personal information on the Internet site and in the Student/Faculty/Staff Directory.
