Resolution 88-9-S
Ticket Sales Office
Introduced 4/12/88

PURPOSE:

For the University to establish a ticket sales outlet operation on-campus for the students, faculty, and staff of Western Kentucky University.

STATUS:

WHEREAS,

There are no major ticket outlets in or near the Bowling Green area, and

WHEREAS,

Students must expend a large amount of time, energy, and money to purchase major concert tickets since the closest places to buy tickets are located in or around distant metropolitan areas, and

WHEREAS,

Students are sometimes forced to skip classes in order to purchase tickets, and

WHEREAS,

Not all students have the means of transportation necessary to drive to another city in order to purchase concert tickets, thereby depriving these students the opportunity to attend major regional concerts, and

WHEREAS,

Many University students do attend the major regional concerts, and

WHEREAS,

A ticket sales operation on Western's campus could financially sustain itself or even turn a profit within a few years of its establishment, thus providing a useful, cost-free service to the student body.

THEREFORE,

Be it resolved that we the concerned members of the Associated Student Government of Western Kentucky University, realizing that the current situation is an unnecessary burden to the students we represent, respectfully ask that the University provide the space and manpower needed to establish a concert ticket sales office on-campus.

Office of Associated Student Government

FURTHERMORE,

The ticket office workers will be employees of the University and their salaries may be paid with the revenue that will be generated by the profits from the ticket sales.

TOPIC: Establishing a Centritic Sales Office On-Campus.

I. HOW IT WOULD WORK

- A. Space for the sales office would have to be found on-campus.
Suggestions include:
 1. Ticket booth in Diddle Arena
 2. Ticket offices for movies in Downing University Center
 3. In the ticket sales area of Smith Stadium
 4. In any other available, accessible area in any of the previously mentioned buildings or in Garrett Conference Center
- B. Western Kentucky University would be responsible for hiring and paying the ticket office workers.
 1. Western Kentucky University could pay the workers' salaries by using the revenue generated from the ticket sales.
- C. Western Kentucky University would charge a \$1.00 service charge on all tickets sold.
 1. 75% of the service charge would be sent back to the Centritic office, along with the base cost of the ticket.
 2. 25% of the service charge would go directly to Western Kentucky University as revenue to cover all expenses and possibly to form a profit with any of the remaining revenue.
- D. Centritic will send the tickets to Western free, but Western Kentucky University will be responsible for sending the tickets back to Nashville.
 1. The tickets must be recieved by the beginning of the concert.
 2. If Western Kentucky University misses the ticket deadline, then the University would have to pay for all the unused tickets in addition to all the tickets sold.
- E. Western Kentucky University would be obligated to accept all concert tickets, in other words, the University could not refuse to sell a certain group of tickets if the concert fell during Homecoming, exams, etc...
 1. Western Kentucky University's ticket office would be expected to serve the general public as well as the student body, thus the University would be expected to operate the ticket office over the Summer.

TOPIC: Establishing a Centritic Sales Office On-Campus

II. IMPORTANT NOTES

- Since there are no other major ticket outlets in the Bowling Green or Southern Kentucky areas, Western Kentucky University could probably get significant sales from the general public, even during the summer.
- Centritic would take care of the advertising costs, Western Kentucky University would be listed as an official outlet in all of Centritic's advertisements.
- Although Western Kentucky University would start by selling hard (ie paper) tickets, Centritic might eventually install a computer system if Western's operation is profitable.
- No student discount unless a concert is held at Western Kentucky University.
- Centritic covers concerts in the Nashville area and covers concerts held at Middle Tennessee State University.
- To this point, the Centritic operation has been very helpful and has stated their desire to establish an operation on-campus. There is every reason to believe that Centritic will continue to want to work with Western Kentucky University in the future to establish an office on-campus.
