RESOLUTION 95-5-S
NOTIFICATION POLICY

Introduced: February 14, 1995

PURPOSE: For the university to establish a policy that requires department heads and area coordinators to notify the President's office of deaths of university employees within their respective departments.

WHEREAS: Currently, no such policy exists, and

WHEREAS: The flower fund in the President's Office is the only record of employee deaths, and

WHEREAS: That list is dependent upon someone calling and requesting flowers to be sent, and

WHEREAS: This would not only help SGA to keep the Memorial Tree Program accurate, but would also ensure that the family of an employee would not be overlooked in the case of his/her death.

THEREFORE: Be it resolved, that we, the members of the Student Government Association, do hereby request that the university establish a policy that requires department heads and area coordinators to notify the President's office of deaths of university employees within their respective departments.

FURTHERMORE: It should also become an established practice for the person in charge of the flower fund to automatically notify SGA of these deaths in order to keep the Memorial Tree program updated.
