Resolution 01-08-F  
Support of Emergency Communications

*that is  
currently  
in place*

**PURPOSE:** For the Student Government Association of Western Kentucky/University to support the use of the Crisis Management System in all situations that require students' attention in regards to their safety.

**WHEREAS:** This system has the ability to expedite the notification of subscribed students of an emergency occurrence on campus, and

**WHEREAS:** The system has the ability to save students from potentially threatening situations, be it natural (e.g. tornadoes) or man-made (e.g. shootings), and

**WHEREAS:** Text messaging is one of the quickest means to communicate pertinent information to the large number of students on Campus.

**THEREFORE:** Due to recent events, the Student Government Association feels it necessary to inform students about the importance of registering for the Crisis Management System, and inform the administration about the need to use the system in any and all situations that threatens the Western Kentucky University Community.
