PURPOSE: For Western Kentucky University to provide a need-based Advocate program for handicapped students.

WHEREAS: Due to the geographical and architectural structure of Western's campus, there lies a certain difficulty in the ability of handicapped students to overcome these obstacles, and

WHEREAS: Due to the recent articles presented in the College Heights Herald and complaints by handicapped students this would be a program that would benefit a significant portion of Western's student body, and

WHEREAS: Programs of this nature exist at other universities around the United States on a much broader scale, and

WHEREAS: The university could offer some type of compensation and outline the selection process for the advocates that would participate in this program.

THEREFORE: Be it resolved that we the concerned members of the Student Government Association do hereby request that the university establish a need-based advocate program for handicapped students.
