Resolution 97-16-F
Replacing the Sidewalk in Front of Thompson Central Wing
November 11, 1997

PURPOSE: For the University to replace the tile walkway in front of Thompson Central Wing and Grise Hall with a safer material other than tile.

WHEREAS: These sidewalks pose a danger because it becomes very slippery during the lightest of rains, and

WHEREAS: during the winter months, the tiles are very susceptible to freezing, making it very dangerous for people to walk, and

WHEREAS: these sidewalks pose a significant hazard to students and professors due to the chipped, broken, and missing tiles, and

WHEREAS: there have been a number of accidents reported due to the danger that these tile sidewalks have posed, and

WHEREAS: the broken tile is also an unattractive eyesore for Western Kentucky University.

THEREFORE: Be it resolved that we, the members of the Student Government Association, do hereby recommend that these tile sidewalks be removed and replaced with a safer alternative material.
