Resolution 86-9-F
Student Warning Before Ticket
Introduced 10-14-86

PURPOSE: For the Public Safety to issue one warning before an actual ticket for a parking violation would be issued to a member of Western Kentucky University's student body.

STATUS:

WHEREAS, Both Public Safety and the administration have admitted publicly that there is a parking problem.

WHEREAS, The administration has asked Public Safety to be understanding, and

WHEREAS, Public Safety still writes tickets everyday, and

WHEREAS, Public Safety is capitalizing on the parking problem and the student body's short-comings, and

WHEREAS, Explaining a violation would go further than just issuing a ticket since College is a learning experience, and

WHEREAS, Many incoming Freshman and some returning upper classmen do not know all the traffic regulations.

THEREFORE, Be it resolved that we the members of the Associated Student Government, being duly elected representatives of the student body strongly urge the administration to set the following system for Public Safety as soon as possible:

The present system of ticketing would not change except when a member of the student body reported to pay for the ticket at Public Safety Headquarters, if it was the first violation, it would become void and be marked that the student in question received the warning, and the violation he or she had made would be explained to them by a Public Safety Officer, so they can understand their mistake.
