Resolution 90-07-S
Revision of Admissions Policy
Introduced

PURPOSE: To implicitly limit the enrollment at Western Kentucky University by raising the academic admissions standards set by the University

STATUS:

WHEREAS, The current admissions policy states that Kentucky residents be required to have a minimum 2.2 GPA or a 17 on the ACT and non-residents to have a minimum 2.2 GPA and a 19 on the ACT, and,

WHEREAS, This would encourage students of a higher academic caliber to consider Western, and,

WHEREAS, Western has maintained its reputation as an above average educational institution, a recent decline in the quality of education has occurred due to the over-population of classes, and,

WHEREAS, The overcrowding of Western's facilities has also caused problems in the areas of housing, parking, and faculty morale,

WHEREAS, The University of Kentucky has made their admissions policy more stringent to compensate for over-enrollment

THEREFORE, Be it so resolved that, we the concerned members of the Associated Student Government of Western Kentucky University request that the university raise its in-state and out-of-state admissions requirement until the physical facilities and number of faculty are sufficiently increased
