Resolution 91-16-S

PURPOSE: For Unicorn Pizza to utilize paper products when possible, as an alternative to styrofoam carry-out hinged lid trays.

WHEREAS, Paper products are biodegradable and styrofoam products are not, and

WHEREAS, When the consumer is eating in, paper plates can be used instead of styrofoam, and

WHEREAS, This would cut down on the waste generated by Unicorn because paper takes up less space than styrofoam

THEREFORE: Be it resolved that we the members of ASG of WKU do hereby ask that Unicorn Pizza incorporate the use of paper products instead of styrofoam products
