Resolution 98-19-S
Professors to be trained to advise students
March 30, 1998

- PURPOSE:** For the University to require all professors to be formally trained for advisement of their students.
- WHEREAS:** There is currently no program designed to aid the professors into advising in a uniform fashion and making advisement consistent helps students better understand the requirements needed to receive a degree, and
- WHEREAS:** Many professors do not know what classes are appropriate for students to take outside of the advisors' department, and
- WHEREAS:** It is highly unfair for students to be assigned to professors with different levels of knowledge regarding University policy, and
- WHEREAS:** Professors deserve the right to help their students to their fullest extent possible and this formal training would truly allow the advisors to help their students.
- THEREFORE:** Be it resolved that we, the members of the Student Government Association, do hereby recommend that the university provide formal training for professors to help advise students.
- AUTHORS:** Brad Sweatt
Drew Harrell
