

MINUTES

President Ransdell spoke to Congress before the meeting began. He spoke and answered questions for 40 minutes. He said that six construction projects were being wrapped up. This year's enrollment was up by about 500 students (mostly due to retention) and the applicant pool was up by 10 percent. The future of Schneider Hall was discussed; it will either be turned into the Kentucky Academy of Math and Science by the state or the Student Life Foundation will renovate it. There are several other buildings on campus that desperately need renovation; first priority is Thompson Complex North and Center Wing, Snell Hall, and Science and Technology Hall. He also discussed the process of funding for the Greek Village.

There were 13 out of 15 members of Congress present.

The meeting of the Student Government Association of Western Kentucky University was called to order at 5:45pm on September 2, 2003 with the Executive Vice President in the chair.

There was a motion to approve the minutes by Brittany Fausey and seconded by Cameron Yancey. The motion passed.

- The website is still under construction but is almost done.
- If you have a t-shirt design, come tell me about it. I'll make a decision.
- Come to the retreat. We will meet in the SGA office at 4pm to leave.
- Do we really need to do something big and elaborate for Parents' Weekend? If we do let me know so I can start planning. (Majority of people showed no real interest in having an event.)
